ANDREA CURRIE PHOTOS

The Omineca Open, Tech Northern Cup #2 was held last Sunday. They had 97 skiers register for the races – they came from everywhere between Terrace and Prince George and ranged in age from three – 73. The weather was perfect and the trails were in great shape – nice and fast. Without all the volunteers from throughout the community this and other events would never be able to be hosted by the Omineca Ski Club. Job well done!
